Continuation of Substance of Interview including description of the general nature of what was discussed: applicant's attorney was called to suggest placing " a first electrically conductive elastic connecting element in the form of a first contact spring is arranged between the upper face of each semiconductor chip and the cover plate " to place the instant application in condition for allowance. The attorney received approval from the client to add the language above into independent claim 7. The attorney faxed over amendment B with these changes. Therefore, a notice of allowance is forthcoming. .
